

Mr. Gnona Dovi Serge

President and CEO, Dove Innovations Japan;

Founder and President, Japan Connect NPO

Dovi graduated from the Kobe Institute of Computing (KIC) as a 8th batch ABE Initiative participant and is deeply committed to applying the principle of “Social Innovation by ICT and Yourself” in all his initiatives. As an engineer he is passionate about robotics and IoT,

He founded Dove Innovations to bridge Japan and Africa through smart technology and healthcare solutions. He also created Japan Connect to build economic and cultural ties between Africa and Japan, fostering mutual growth and understanding.
